

GAS POWER

燃气发电

- ❑ To stabilize natural gas supply, as main consumer 天然气 主要用户, 稳定天然气供应
- ❑ Power generation structure optimization with perfect peak load capability 优异的调峰能力, 优化发电结构
- ❑ Comprehensive energy utilization with high efficiency 高效, 提高能源综合利用
- ❑ "Environment friendly" with low emission 环保, 低排放
- ❑ Digital power plant 数字电厂
- ❑ GE GT Portfolio for diverse requirements GE全系列燃机产品 满足多种需求
