CYBERSECURITY AND DIGITALIZATION WEBINAR SERIES

BACKGROUND

USAID/USEA's 15-part Cybersecurity and Digitalization webinar series was launched in June 2020 to educate utilities on cyber standards, trends, and best practices.

GLOBAL OUTREACH

1,000+ attendees

↓

70 utilities

↓

68 countries

IMPACT

The series will be the foundation for the Business Innovation Partnership (BIP) that will convene a global network of utility thought leaders to assist USAID partner utilities to navigate some of the most pressing challenges within a rapidly changing industry.
