National Survey on Energy Literacy

- ◆ *WHY:* The Need
- ◆ *WHO:* High School Seniors
- ◆ *WHAT:* Knowledge, Attitudes, Behaviors
- ◆ *WHEN:* Late February/Early March

Question Examples

True or False

The technique of hydraulic fracturing to produce natural gas and oil, commonly known as “fracking,” has helped to lower consumer energy prices.

On a scale of 1 to 7, please indicate the degree to which you agree or disagree with the following statement:

It would be too much of an inconvenience to my lifestyle to reduce my energy usage.
