

USEA State of the Energy Industry Forum

January 23, 2020

Don Santa, President and CEO

Methane/ Climate

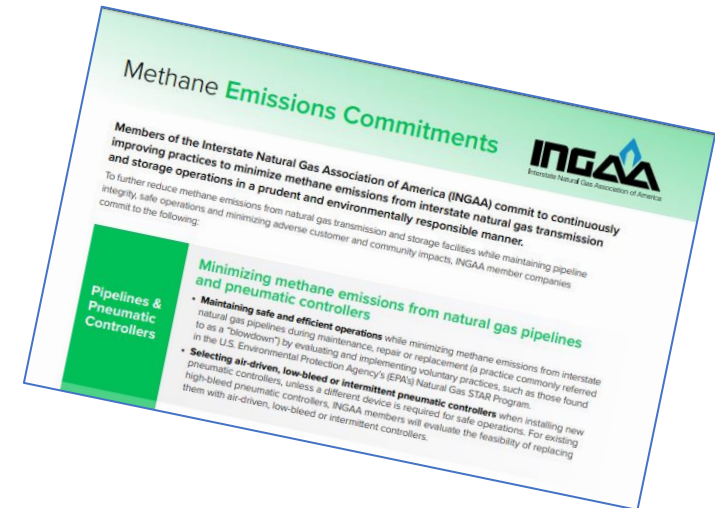

+

=

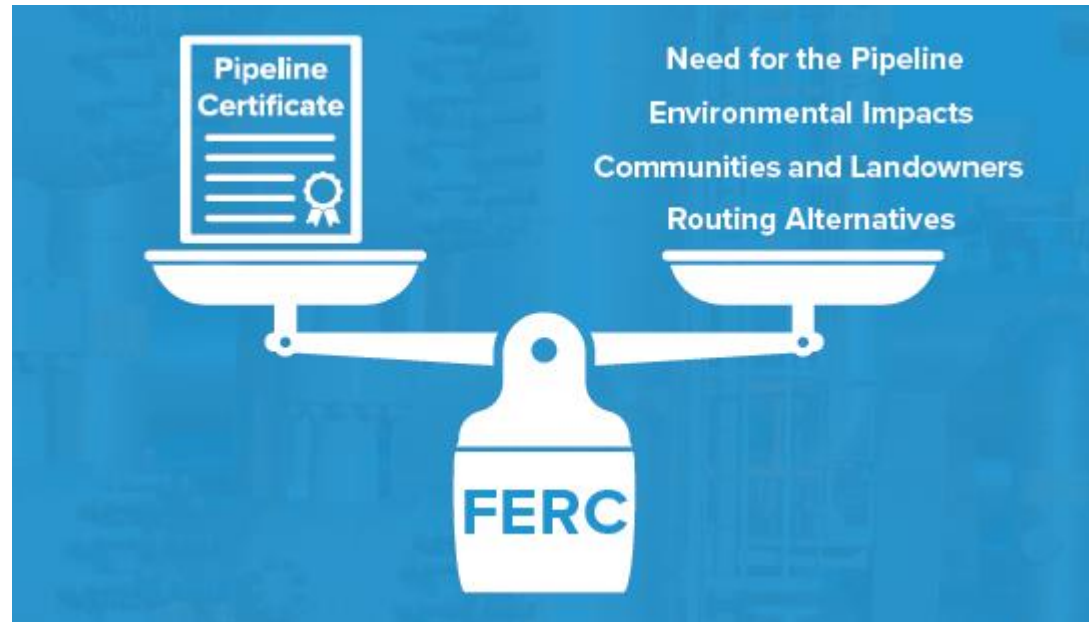

**REDUCED EMISSIONS AND
ABUNDANT, DOMESTIC ENERGY**

INGAA's Take:

Our members are *leading* when it comes to reducing methane emissions.

Natural Gas Act

INGAA's Take:

The NGA provides a tried-and-true legal framework for developing and regulating interstate natural gas pipelines.

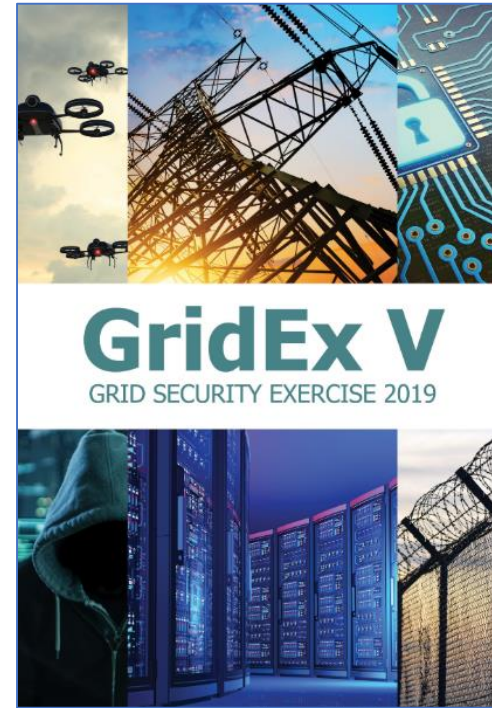

Pipeline Safety

INGAA's Take:

A bipartisan bill that embraces the role of technology and innovation while supporting states and first responders.

Cyber and Physical Security

INGAA's Take:

INGAA supports strong
government/industry collaboration on
federal oversight of natural gas pipeline
physical and cyber security
