

# GLOBAL ENERGY EFFICIENCY WORKSHOP

## ENERGY EFFICIENCY ACTION PLAN FOR BOTSWANA

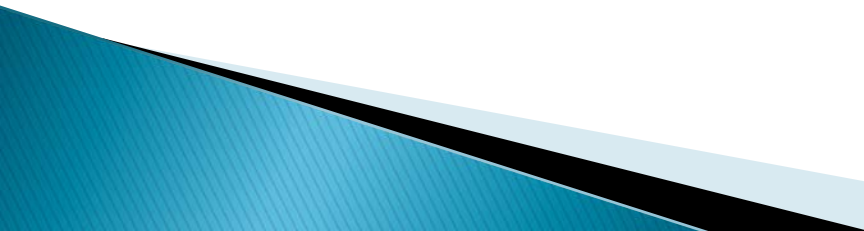

# What are the issues??

- ▶ Inadequate policy, legal and institutional framework
  - ▶ undefined roles and responsibility for EE regulation
  - ▶ Lack of incentives & finance
  - ▶ Limited expertise ,etc
- 

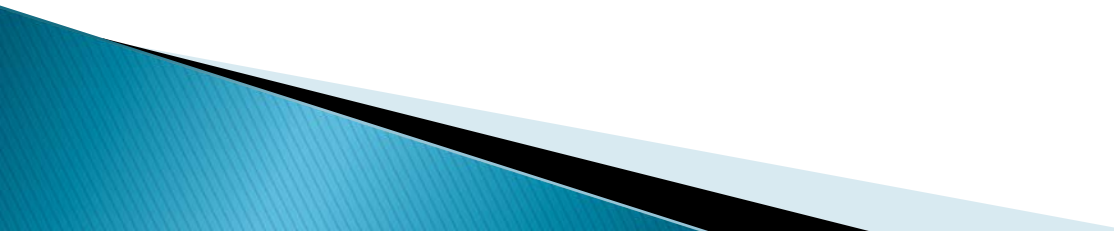

# RECOMMENDATIONS FOR POLICYMAKERS TO IMPROVE ENERGY EFFICIENCY

- ▶ Commitment by policy makers to improve energy efficiency
- ▶ Dedicate the national resources to energy efficiency initiatives e.g. Incentives ( tax rebates)

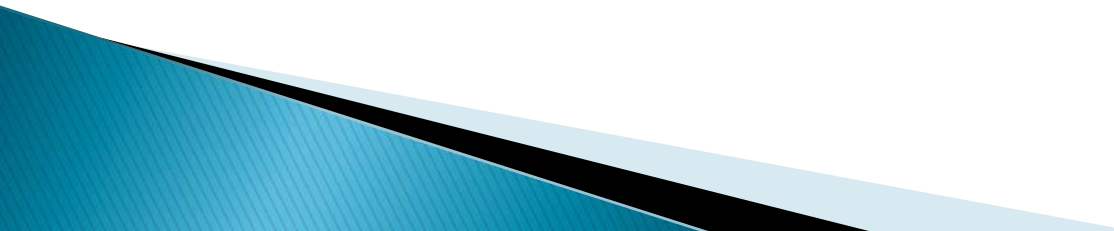

# RECOMMENDATIONS TO ORGANISATION TO IMPROVE ENERGY EFFICIENCY

- ▶ Develop a clear policy on energy efficiency
    - Setting targets
    - Develop clear strategy for implementation for energy efficiency project
    - Marketing strategy
  - ▶ Resource allocation
  - ▶ Provide more advisory services to public and private sector on energy efficiency
  - ▶ Awareness
  - ▶ Research and Development
- 

# RECOMMENDATIONS TO ELECTRIC UTILITY TO IMPROVE ENERGY EFFICIENCY

- ▶ Reduction of losses (technical and non-technical)
  - ▶ Incentive programs for use of energy efficient appliances and equipment
  - ▶ Intensify Awareness raising
- 

# RECOMMENDATIONS TO ELECTRIC REGULATORS TO IMPROVE ENERGY EFFICIENCY

- ▶ Verification and monitoring tools
  - ▶ Create an environment for ESCOs
  - ▶ Regulations to deal with the influx of inefficient appliances, e.g. Incandescent lamps
- 

# THANK YOU
