
UNITED STATES ENERGY AWARD

2023

CALL FOR NOMINATIONS

The United States Energy Association (USEA) is seeking nominations for the 2023 United States Energy Award. This prestigious award was established in 1989 to honor individuals in the energy industry for their outstanding leadership initiatives and significant contributions to the national and international understanding of energy issues.

Each year, the United States Energy Award Selection Committee, composed of national energy leaders, examines each nomination for a clearly articulated set of values and history of proven accomplishments and international contributions, which promote a greater understanding of energy issues. Support for the United States Energy Association (USEA) is a major consideration.

The Award presentation will be made during the USEA Annual Membership Meeting & Public Policy Forum in Spring 2023 in Washington, DC. The selected award recipient must be present to receive the award. A brief oration by the recipient is encouraged but not required.

Nominations must be submitted by letter highlighting the nominee's accomplishments and contributions or by completing the online nominating form at www.usea.org. Submissions must be received by January 30, 2023, and sent to:

2023 UNITED STATES ENERGY AWARD
United States Energy Association
1300 Pennsylvania Avenue, NW, Suite 550

ABOUT THE AWARD

The United States Energy Award was established in 1989 to recognize preeminent energy leadership and contributions to international understanding of energy issues. The United States Energy Association seeks nominations of individuals in the energy sector to receive this distinguished award. The Award Selection Committee, composed of national energy leaders, examines individuals nominated for a track record in leadership, and history of proven accomplishments including international contributions, which promote a greater understanding of energy issues. Support for the United States Energy Association is a major consideration. The Award is presented annually during the USEA Spring membership meeting. Recipients must be present at the ceremony.

A letter of nomination is all that is needed. Nominations may be sent via mail, fax, or email to:

United States Energy Award
